

MISSISSIPPI BCIA SPRING BULL SALE PROGRAM 2022 RULES AND REGULATIONS

The objective of the Mississippi Spring BCIA Bull Sale program is to encourage production and identification of genetically superior bulls by purebred breeders and to encourage the purchase and use of these bulls by commercial producers. Mississippi BCIA Bull Sales will accept consignments from Mississippi Cattlemen only. Out of state cattle producers may consign bulls provided they are members of the Mississippi BCIA.

The minimum standards as set forth in these rules and regulations are for all breeds of cattle. Comparison of performance data and records should be limited to bulls within the same breed. Even when comparing bulls of the same breed, it should be remembered that all bulls are not developed under the same pasture and feeding program. The feed and pasture program of these bulls should be such that they can demonstrate their genetic potential for growth, not be overly fat, and be sound on their feet and legs.

- A. Date of Sale – **Thursday, March 3, 2022**
- B. Location – Hinds Community College Sales Facility, Raymond, MS
- C. Nominations – **The deadline to nominate bulls for this sale is January 28, 2022.**

The following items need to be sent in to *Mississippi BCIA, Box 9815, Mississippi State, MS 39762* for each bull nominated:

- 1. Nomination form
- 2. Signed registration certificate
- 3. **Nomination fee of \$25 per bull payable to Mississippi BCIA**
Withdrawals and substitutions will be allowed until February 1, 2022. After February 1, 2022, no substitutions will be accepted and no checks will be refunded. Make checks payable to Mississippi BCIA. Nomination fees will be applied towards sale expenses.

D. Regulations

- 1. Age – Bulls must be born between September 1, 2019 and February 28, 2021
- 2. Health – Current health papers from a licensed veterinarian must accompany bulls to the sale. The U.S. beef cattle industry experiences substantial animal health issues and economic losses due to the effects of bovine viral diarrhea virus, the causative agent of bovine viral diarrhea (BVD). This virus is an important cause of reproductive disease as well as “shipping fever” (bovine respiratory disease). The Mississippi Beef Cattle Improvement Association encourages voluntary testing of BCIA sale bulls for persistently-infected BVD as part of a statewide effort to educate producers on BVD and to control and/or eradicate BVD from Mississippi cattle herds. Negative BVD test results will be reported in the sale catalog.

3. Fertility – All bulls must have documentation of a passed breeding soundness exam, including scrotal measurements **within 30 days** of the sale. Scrotal circumference must measure a minimum of 32 cm for a 12–16 month old bull, 34 cm for a 17–23 month old bull, and 36 cm for a 24+ month old bull.
4. Bulls should be considered structurally sound.
5. Actual birth weight must be reported.
6. Minimum adjusted 205–day weaning weight as reported by respective breed associations shall be: 575 pounds or 550 pounds with at least a 95 ratio within a minimum of 5 contemporaries.
7. Bulls must have at least one of the following to qualify for the sale:
 - a. Ultrasound body composition yearling scan results accepted by the respective breed association or
 - b. Ultrasound EPDs or
 - c. Carcass EPDs.
8. EPDs and accuracies from respective breed associations are required. Bulls without EPD information will be accepted, only if the respective breed association cannot provide the EPD data. However, each consignor must complete all bull performance data required.
9. Yearling weight must be taken and reported to breed association for calculation of yearling weight EPD. Additionally, 365-day adjusted yearling weights must be reported on the nomination form. Breeders nominating bulls not old enough by the nomination deadline to have yearling data collected, should report yearling data to sale management prior to the sale. Yearling data will be reported at the sale.
10. A signed copy of the bull's registration certificate must accompany the nomination form. In addition, live animal ultrasound scan data will be printed in the sale catalog if provided. If available, carcass/ ultrasound EPDs will also be printed in the sale catalog. If a bull has genomically enhanced EPDs, this should be indicated.

11. Minimum qualifying sale weights shall be:

	AGE IN MONTHS	AGE IN DAYS	WDA	MINIMUM ACTUAL WEIGHT
Feb-21	13	380	2.62	996
Jan-21	14	411	2.50	1028
Dec-20	15	442	2.40	1061
Nov-20	16	472	2.30	1086
Oct-20	17	503	2.25	1132
Sep-20	18	533	2.26	1205
Aug-20	19	564	2.20	1241
Jul-20	20	595	2.15	1279
Jun-20	21	625	2.08	1300
May-20	22	656	2.03	1332
Apr-20	23	686	1.97	1351
Mar-20	24	717	1.92	1377
Feb-20	25	746	1.86	1388
Jan-20	26	777	1.80	1399
Dec-19	27	808	1.76	1422
Nov-19	28	838	1.73	1450
Oct-19	29	869	1.70	1477
Sep-19	30	899	1.60	1438

E. Sale Order

The sale order will be set based on the bull's individual performance data, EPDs, general conformation and quality. A selection index based on the individual bull's score in the following categories will be used to rank bulls for determination of sale order (highest scoring will sell first); CE or BW EPD (max. of 5 points), WW EPD (max. of 7.5 points), YW EPD (max. of 7.5 points), actual scrotal circumference (max. of 5 points), WDA (max of 15 points), IMF EPD (max. of 7.5 points), REA EPD (max. of 7.5 points), and visual appraisal (max. of 40 points). A three-person committee will assign visual appraisal scores. An additional 5 points will be added to a bull's selection index total if ultrasound body composition scan results are provided. An additional 5 pts will be added if genomically enhanced EPDs are available.

F. Processing for Sale

1. Bulls are to be delivered to the sale location by 12:00 noon on March 2, 2022 (the day preceding the sale).
2. Weighing – Bulls will be weighed, beginning at 1:00 p.m. on March 2, 2022 (the day preceding the sale).

G. Sale Terms and Conditions

1. The Mississippi BCIA acts as agent only. The contract is between the buyer and seller.

2. All persons who attend this sale do so at their own risk. The owners or sponsors assume no responsibility, legal or otherwise, for any accidents that may occur.
3. All bulls will be sold at public auction to the highest bidder. The auctioneer selling will settle any disputes concerning bids.
4. Terms of the sale are cash.
5. All bulls will have been registered and properly signed transfer papers will be furnished to the buyer.
6. Animals are guaranteed to be without defects, but nothing more. Animals failing to breed after a trial of six months may be returned to the seller, if in good condition. The seller reserves the right to try said animal for six months, and if it proves to be a breeder, to return it to the buyer at the buyer's expense. If the animal proves to be a non-breeder, a satisfactory exchange will be made or purchase
7. Bulls purchased will be fed and cared for, for 24 hours, without charge. Arrangements for removal from grounds must be made at the conclusion of 24 hours.

H. Sale Cost

The sale cost will include:

1. Fixed Expenses include catalog and advertising. Fixed Expenses are charged to each bull catalogued.
2. Sale Expenses include Auctioneer (prorated), Finance Handling, Ringmen, Breed Association Transfer Fees, 1% BCIA Promotion Fee, and Beef Checkoff. Sale Expenses are charged to each bull that goes through the sale.
3. Annual MBCIA membership dues (if not current). Annual dues are \$10 per person.
